

CALL FOR SUCCESS STORIES, GOOD PRACTICES AND PERSONAL EXPERIENCES IN AGRICULTURAL EXTENSION, SASAE CONFERENCE 2020

The Board of SASAE will be holding the 2020 Annual Conference in Paarl, Western Cape, 6 – 9 July 2020. The theme of the conference is: "FACILITATION FOR DEVELOPMENT IN AGRICULTURAL EXTENSION"

The South African Society for Agricultural Extension is a voluntary professional organisation with the aim to improve the quality of extension to all farmers through its members. The ultimate aim of agricultural extension professionals is to influence development change in the societies where they work. In the agricultural innovation systems (AIS) context, this change will be stimulated by better relationships between actors. It is therefore imperative that you (as an extension professional) endeavour to develop good facilitation skills to increase your effectiveness.

1. SUCCESS STORIES, GOOD PRACTICES AND PERSONAL EXPERIENCES IN AGRICULTURAL EXTENSION AT CONFERENCE

In this year's SASAE annual conference the board of SASAE would like to celebrate the innovations, innovators and the extension officers' experiences by granting them an opportunity to showcase their inspiring success stories, good practices and/or personal experiences in Agricultural Extension industry. This is done to appreciate the key drivers out there that lead to successful innovations and/or have positive impacts on the farmers' lives but do not get the opportunity to be published or presented on the conference platforms. This is done to provide a chance to extension officers to share their inspiring breakthroughs and successes that are yielding positive results and impacts. These include good practices that can be replicated and scaled up or any inspiring stories that are worth hearing about. Small successes also matter, as they pave the way to larger successes. So, we would be interested to know about your meaningful achievements of different scale.
